I really appreciate the time and dedication you put into every reading you do, they always resonate a lot and i love the fact that you don't give me short and cold answers but instead you go into details you're also very sweet and gentle and i really really appreciate you also also IM STILL SHOCKED about that detail you gave me about the fragrance like what the hell, i talked about it with him because I WANTED him to imagine the fragrance and associate it with me Imao

Hey Samiksha,

I just wanted to thank you for doing this reading for me

Your reading was very very accurate and you understood my situation and guided me.. be it relationship advice or career.

I feel like I know how to navigate my situation. What you said resonated.

So thank you so much ❤️✨

Damn the celtic cross reading is so accurate it's so resonating I mean you told me the things that I have been ignoring and I should be realising. It's really great to get such clearance from a third perspective thankyou so much samiksha 😭❤️

The reading about my love life is so 😭😭😭 it's so true thankyou so muchhh

Girl, I didn't address the insecurity part, and he did tell me before leaving that he wants to work on his insecurities before being with me. He struggles a lot to express himself because he has never had this kind of emotional connection with anyone. And, fuck! I was not expecting this. I thought he was lying or with someone else.

But the accuracy in the emotion and insecurities part is so true

i. I never even told you about that. Thank you so much 🧑🧑🧑❤️❤️✨

Hi, thank you so much for the wonderful reading. You explain so well. As much of the things were about the future, but certain things you told about me were 110% accurate. You are amazing.
Thanks a lot again

I'll be disconnecting from this app due to personal reasons, getting a reading from you before
